G  C          Well, we all came together on this planet called Pegasi
G  D          And all the hotel rooms were booked in the capital Uriari
G  C          All the people were waiting for the end of a very old story
G Bm C D                  And they had Fenn, Fenn, Fenn, till we took the false illusion away
G C G Am                  (Fenn, Fenn, Fenn, till we took the false illusion away)
G Bm C D                  Fenn, Fenn, Fenn, till we took the false illusion away
G C G D
G             In a lonely ITAP hotel we found the last accommodation
C              (You shouldn't be here now, you shouldn't be here now)
G             "Decent service for honest prices" was the declaration
D             (They shouldn't say that now,  they shouldn't say that now)
G  C          We were all locked up with the rats of the canalization
G Bm C D      (They shouldn't be here now, they shouldn't be here now)
G C G Am                  And we had Fenn, Fenn, Fenn, till we took the false illusion away
G Bm C D                    (Fenn, Fenn, Fenn, till we took the false illusion away)
G C G D                   Fenn, Fenn, Fenn, till we took the false illusion away

G             Then appeared a blonde lady dressed up like a god-dammed goddess
C             (She shouldn't be here now, she shouldn't be here now)
G             She said "I'm the first, the last", and an earthquake got us
D             (It shouldn't be real now, it shouldn't be real now)
G  C          But we didn't believe in the story that she told us,
G Bm C D      (We wouldn't believe now, we wouldn't believe now)
G C G Am                  And she was Fenn, Fenn, Fenn, till we took the false illusion away
G Bm C D                   (Fenn, Fenn, Fenn, till we took the false illusion away)
G C G D                   Fenn, Fenn, Fenn, till we took the false illusion away

G             After hours of talking we decided to send a team, now
C             (We shouldn't got out now, we shouldn't got out now)
G             To the underground hidden station, or where it should be, now
D             (We shouldn't got in now, we shouldn't got in now)
G  C          So we found the big projector and the actress of the whole bad scheme, now
G Bm C D      (She shouldn't be here  now, she shouldn't be here  now)
G C G Am                  And she was Fenn, Fenn, Fenn, till we took the false illusion away
G Bm C D                  (Fenn, Fenn, Fenn, till we took the false illusion away)
G C G D                   Fenn, Fenn, Fenn, till we took the false illusion away

G  C          For the little ITAP cook, it was the worst disillusion
G  D          If it all was a lie, she came to the conclusion
G  C          To leave Pegasi would be the best solution
G Bm C D                  'Cause she had Fenn, Fenn, Fenn, till we took the false illusion away
G C G Am                   (Fenn, Fenn, Fenn, till we took the false illusion away)
G Bm C D                  Fenn, Fenn, Fenn, till we took the false illusion away
G C G D
G             And if you want to by some stuff, try the great Fenn action figure
C             (You should go and buy now, you should go and buy now)
G             It has nice blonde hair, and if you push her tiny trigger
D             (You should go and try now, you should go and try now)
G  C          It will then transform into something male and bigger,
G Bm C D      (You would love this guy now, you would love this guy now )
G C G Am                  And you'll have Fenn, Fenn, Fenn, till the Sergeant takes the goddess away
G Bm C D                  (Fenn, Fenn, Fenn, till the Sergeant takes the goddess away)
G C G D                   Fenn, Fenn, Fenn, till the Sergeant takes the goddess away
G Bm C D                  (Fenn, Fenn, Fenn, till the Sergeant takes the goddess away)
G C  D G                  Fenn, Fenn, Fenn, till the Sergeant takes the goddess away
